Summary

B.Tech undergraduate in Computer Engineering specializing in software engineering, core systems design and cryptography. Author and maintainer of ChronoMap (50,000+ PyPI downloads), creator of the Flytora typing game, IEEE-published researcher and peer reviewer for international technical conferences. Fourteen podium finishes across hackathons and technical competitions.

Experience

Research and Development Intern, CSIR National Chemical Laboratory Aug 2026 to Jan 2027
On site at the NCL campus, Pune. Computational systems and research.

Software Development Engineering Intern and Team Lead, Cubane Jun 2026 to Sep 2026
Three-month internship in software engineering and team leadership.

Peer Reviewer, IEEE 3ICT 2026 (University of Bahrain) Jul 2026 to Sep 2026
Remote, part time. Information and communication technology.

Peer Reviewer, IEEE MobiApps 2026 (University of Bahrain) Mar 2026 to Jul 2026
Remote, part time. Mobile apps and open networks.

Peer Reviewer, IEEE FET 2026 (University of Bahrain) Jan 2026 to Mar 2026
Remote, part time. Frontiers in engineering and technology.

Peer Reviewer, IEEE 3ICT 2025 (University of Bahrain) Sep 2025 to Nov 2025
Remote, part time. Information and communication technology.

Projects

ChronoMap, author and maintainer pip install chronomap
Time-versioned data management library for Python with rollback, audit trails and persistent storage. Async I/O and thread-safe locking reduced latency by 35%; 95% test coverage; 50,000+ downloads on PyPI.

Flytora, creator flytora.com
Browser typing game on plain HTML5 Canvas and JavaScript: type each word to fly a bird through gaps. Classic, Sprint and Survival modes, four difficulties, live WPM tracking and a global leaderboard.

Honors: 14 podium finishes (8 hackathons, 6 technical competitions)

First place: Techathon 2.0 (Shri Ratan Tata Best Innovation Award); Hacktoberfest National Hackathon; CyberKavach National Cyber Festival; 20th Engineering Today National Hackathon; Drone Innovation Challenge; InterCollegiate Hackathon.
First runner-up: Inceptia (global); NextGen Solutions; Convene; Tantraudgama 2.0; TechUtsav.
Second runner-up: HackSphere (global); TENET. **Special recognition:** NITK Karnataka, Bytes for Bharat.

Education

B.Tech, Computer Engineering. G.H. Raisoni International Skill Tech University, Pune 2024 to 2028 (expected)

Skills

Languages: C, C++, Python, JavaScript, TypeScript
Backend: Node.js, FastAPI, Django, Socket.io
Frontend: Next.js, React, TailwindCSS
Cloud and DevOps: AWS, Docker, GitHub Actions, Cloudflare, Supabase
Databases: PostgreSQL, MySQL, Prisma ORM
